

## **Top Financial Professional Opens New Richmond Office**

A highly successful financial planning and accountancy firm has opened a new office in Richmond this month and is taking on new staff to service its growing Southern client base.

With 16 successful years running an office in Ravenshead, Nottinghamshire, Adcock Financial decided to expand operations after identifying a lack of firms in the Richmond area offering both independent financial advice and accountancy services. The business is headed up by one of the UK's top financial professionals, Managing Director, Peter Adcock ASFA, CFP, MAAT. Peter has experience of working with some of the country's leading financial institutions and is one of only a few hundred Financial Planners in the UK holding both the prized Chartered and Certified Financial Planning qualifications.

Specialising in high net worth individuals and small to medium sized enterprises, Adcock Financial provides a wide portfolio of tailored services for tax planning, investment management, retirement planning and estate planning/inheritance tax advice. The firm also provides advice and assistance to businesses who wish to establish employment benefit schemes, such as pensions, insurance and benefits options. To complete its aim of offering a comprehensive "one-stop-shop" product, the firm added a Business Services Arm to its operations in 2004, headed by a Chartered Account with 25 years experience.

Peter says: "We pride ourselves on offering top calibre financial expertise with discretion, clarity and the assurance that comes of dealing with top financial professionals".

"By opening the new Richmond office we will be better position to service our growing client portfolio, which extends to the M4 in the North, the A3 in the South, the M25 in the West and Clapham in the East".
